# Not about owning land

## About living with Nature

Every human deserves a life close to nature and would like to eat healthy. Here is an opportunity to make this dream a reality. Off-grid living is the only answer, but it's not easy because it's not only involves our investment, but time and knowledge play an important role.

**We can't live throughout in the off-grid homes due to financial benefits, quality of education for kids, the key attractions of urban lifestyle.**

Planet Green designed a possible solution with the latest off-grid community Farm Natura, where one can nurture their dream without much effort and secured healthy lifestyle. The project is designed for stay, to work, grow and achieve a fruitful life.

# Quality lifestyle

Farm Natura evolved on the concept of Planet Green with endless possibilities. It's designed to engage all generations and to bestow enormous features including weekend retreats, organic stores & kitchen eateries, natural farming, and work from farm facility.

## INSPIRED FROM LEGENDS AND THEIR ROLE IN SOCIETY

**Vinay Ram**

Mekapothula Vijay Ram, an agriculturist also inspired from real time problems, has addressed the need of the hour concerns. He aimed to bring back the charm of traditional farming and put great efforts in understanding farming and served people with his experience. He later teamed up with Mr. Subhash Palekar to fight against environmental hazards and they together have initiated many projects conserving nature to save water, rejuvenating Natural Farming and indigenous seeds etc.

**Subhash Palekar**

Padma Shri awardee Subhash Palekar, a remarkable Indian agriculturist studied natural processes of farming for six years. There were about 154 research projects during these six years of work. He practiced Zero Budget Natural Farming conducted many workshops across India. He is known for his notable work *holistic spiritual farming*. In 2017 he was appointed as the advisor for the state of Andhra Pradesh to encourage natural farming in the state.

### NATURAL FARMING LEARNING CENTRE

Planet Green ensures multiple ways of lifestyle are adapted for conservation of nature, and the knowledge is shared through workshops and activities organized in best interest of natural farming. We have been successfully practicing it for 3 years and cultivating 19 varieties of Desi seeds. We aim to extend our practiced benefits to our community in Farm Natura with proving results to assure their health, as well showing gratitude to mother nature by not harming it with chemical farming.

### SEED CAPITAL OF INDIGENOUS SEEDS

We take pride in our commitment to conserve nature by cultivating healthy seeds, storing and sharing them with others for a healthy community. People can have easy access to these from the stores in our community, and we plan to supply these to the nearest third-party stores.

# Growing Organic food

Farm Natura infrastructure allows you to build your farm house immediately once

you choose to conquer the naturistic property. Safe environment ensures
